WEATHER REPORT FOR TODAY

Today's Date _____

Check the words that describe what you observe:

___ Warm	___ Hot	___ Cool	___ Cold
___ Sunny	___ Clear	___ Cloudy	___ Overcast
___ Dry	___ Rain	___ Snow	___ Hail/Sleet
___ Calm	___ Breezy	___ Windy	

Look around you. Write down something that you see that starts with each letter of the alphabet.
See how many you can find!

Example: F = Flag S = Sky

A _____	N _____
B _____	O _____
C _____	P _____
D _____	Q _____
E _____	R _____
F _____	S _____
G _____	T _____
H _____	U _____
I _____	V _____
J _____	W _____
K _____	X _____
L _____	Y _____
M _____	Z _____

Note: you probably won't find all of the letters, but don't be discouraged!

What can I do to help?

Every day, the things we do make a difference in our environment. Wherever you go, see if you can make a POSITIVE difference!

- ❖ If you see a piece of trash, pick it up and put it in a trash can.
- ❖ When you are out hiking, stay on the trail to protect the plants.
- ❖ If you see someone picking flowers or chasing wild animals, remember NOT to do that yourself.
- ❖ If you see interesting rocks or sticks, enjoy them, but leave them there.
- ❖ If you get to explore an old building, such as the cliff dwellings here at Tonto National Monument, remember NOT to climb on the walls and NOT to damage plaster or wooden walls or roofs.

Look at the drawing below. Put a circle around the kids who are doing POSITIVE things that do not harm the environment. Put an "X" over the kids who are doing NEGATIVE things that harm the environment.

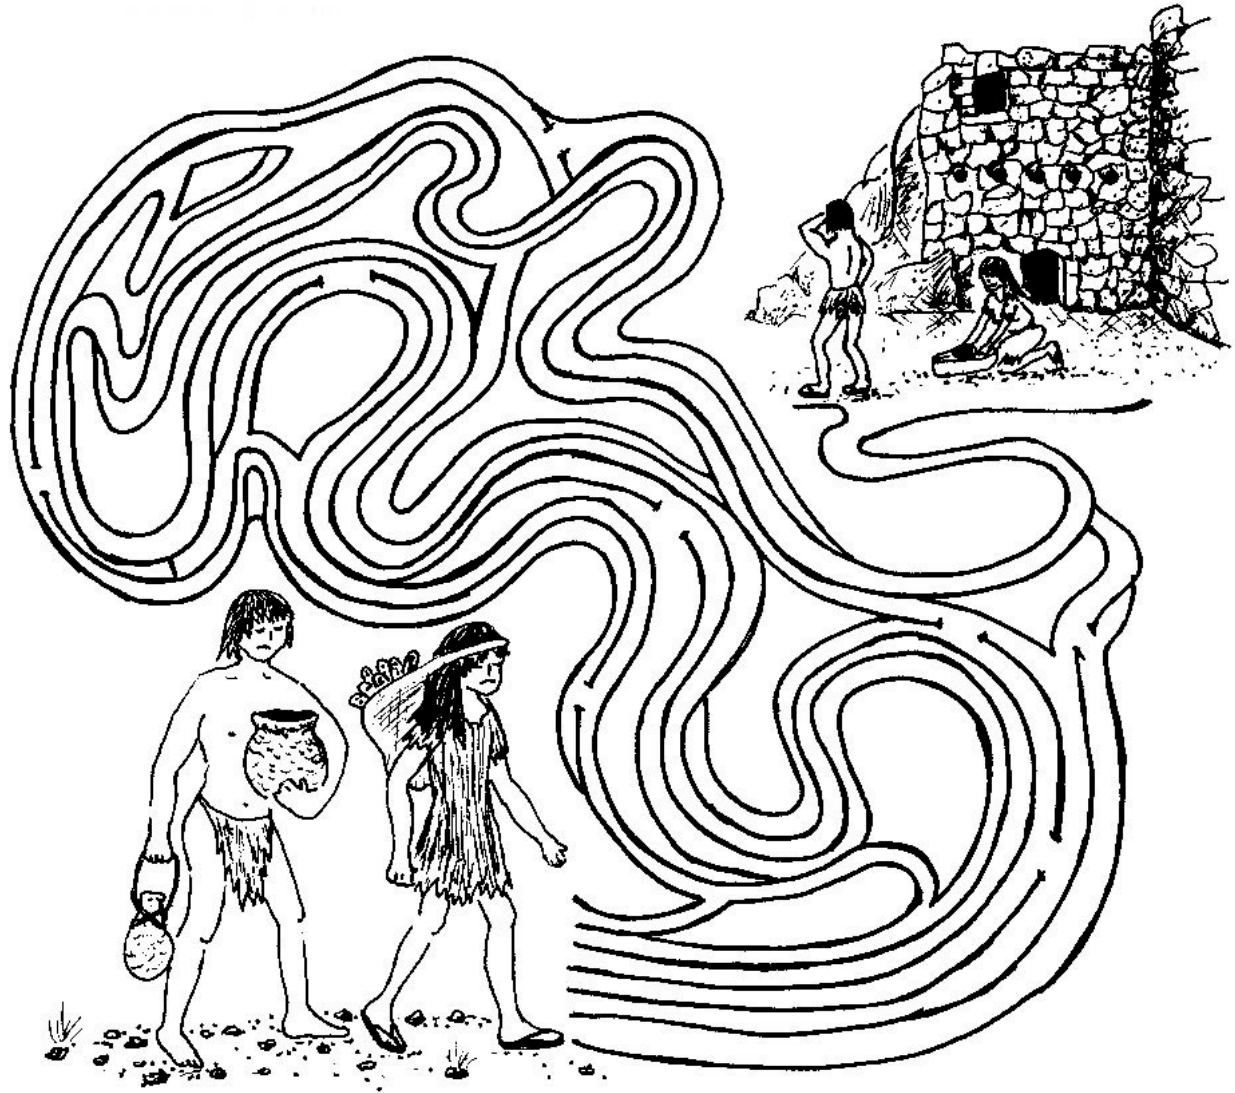

*** AGES 7 – 9 ***

We want to go home!

These Salado children are lost! They hiked down to the river to bring back corn and water. But now they can't find their way back home.

Please help them out. Guide them safely back to the cliff dwelling where their parents are waiting for them.

Have you ever been lost? What did you do to find your way back?

*** AGES 7 – 9 ***

Can you read tracks?

How good are you at following animal tracks? Can you identify which animal made which tracks?

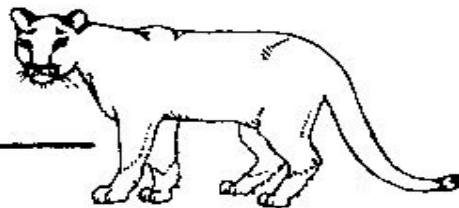

Draw a line from each animal to the tracks that it made. Then name the animal in the space beneath it.

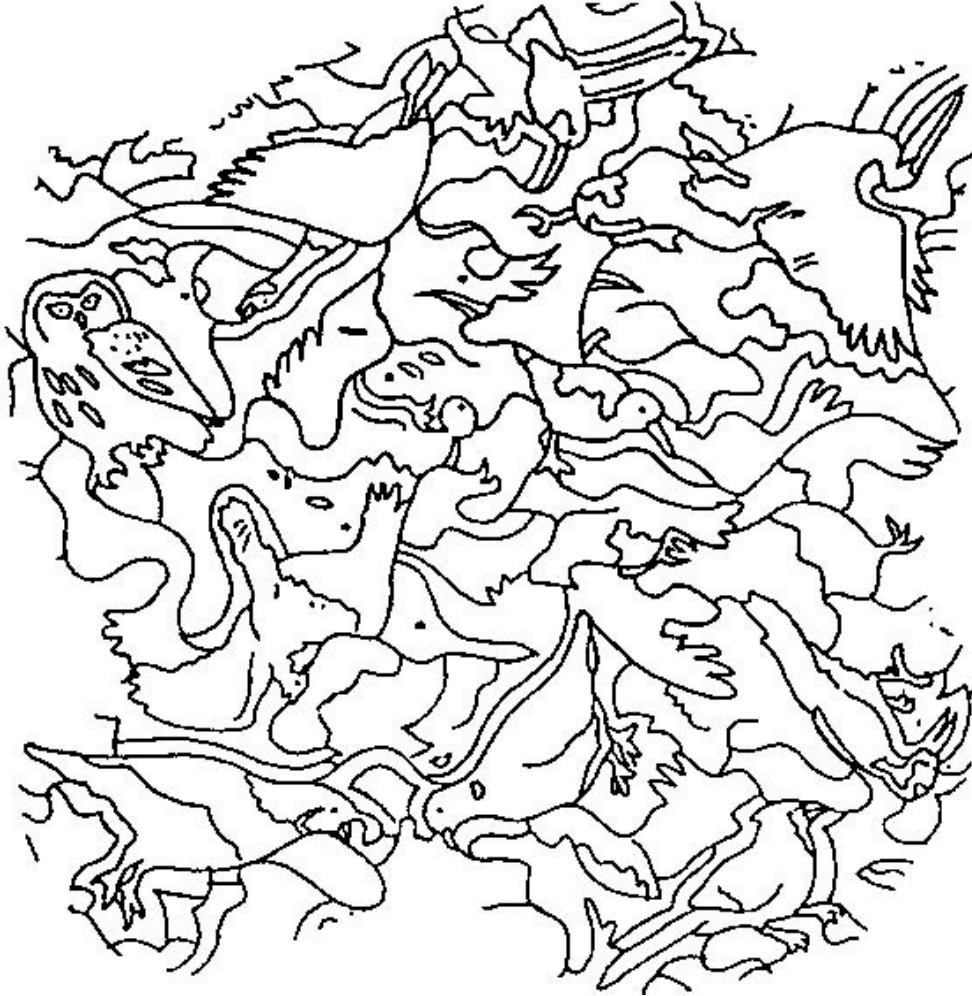

*** AGES 7 – 9 ***

Bird Bonanza

Do you see birds hidden in this drawing? Shade in all the ones you can find (There are 10).

Do you recognize any of the birds in the drawing? Write their names below. Some of the letters in each bird's name are given.

H _ _ K

C _ _ D _ N _ _

P _ L _ _ _ N

R _ V _ _

G _ _ S _

H _ _ M _ _ G _ I _ _

D _ V _

Q _ _ _ L

_ W _

S _ N _ P _ P _ _

*** AGES 7 – 9 ***

Artistic Avenue

Life was much different when the Salado Indians lived here 600 years ago. No TV or computer games, no electric lights or stereos, and no hamburgers or French fries!

If you were a Salado girl, you helped your mother gather seeds, berries, and other native plants and prepare them to eat. You carried large jars of water from the nearest spring to your home in the cliff dwelling. You learned from your mother how to make beautiful pottery bowls.

If you were a Salado boy, your father taught you how to hunt wild game. You helped him tend the crops of maize, beans, squash, and cotton down by the river. And you also learned from your father how to weave the cotton into delicate cloth patterns.

Draw a picture of what you might have done if you were a Salado girl or boy.

Fun Fact:

Did you know that a saguaro cactus must be 30 – 40 years old before it blooms for the first time? And that it takes the saguaro 70 – 75 years to grow its first arm?
